# SOMAA

Architecture and Interior Architecture

**Office Information**
Büroinformation

# Places of identification and communication.

SOMAA develops architecture and interiors that give pragmatic tasks a poetic quality, create a clear identity and add tangible value to each specific context. The work is based on analytical precision, strategic thinking and an understanding of existing structures as a resource.

Interior Architecture
Working with existing buildings

## Press use

This document provides a concise editorial profile of SOMAA for press, research and publication contexts. For project-specific images, credits and rights information, please refer to the respective SOMAA press package.

# Profil / Haltung

**DE**

SOMAA ist ein Büro für Architektur und Innenarchitektur mit Sitz in Stuttgart. Das Büro wurde 2007 gegründet und wird von Hadi A. Tandawardaja geleitet. Die Arbeit von SOMAA verbindet konzeptionelle Schärfe mit gebauten, präzisen Lösungen und verleiht unterschiedlichen Aufgaben eine eigene Identität.

Im Zentrum steht die Entwicklung von Orten der Identifikation und Kommunikation: Räume, die das Vorhandene respektieren und zugleich Neues erzeugen. SOMAA versteht Bestand, Kontext und Nutzung nicht als Begrenzung, sondern als Ausgangspunkt für nachhaltige, flexible und zugleich authentische Lösungen.

**EN**

SOMAA is an architecture and interior architecture office based in Stuttgart, Germany. Founded in 2007 and led by Hadi A. Tandawardaja, the practice combines conceptual clarity with carefully built solutions, giving each brief a specific identity and added value.

The office creates places of identification and communication: spaces that respect existing structures while generating something new. SOMAA sees context, existing fabric and changing patterns of use as the basis for sustainable, flexible and authentic design strategies.

# Kompetenzen / Expertise

## Architecture & Interior Architecture

Detailed analysis of the task, context, timing, economic resources and patterns of use. From these parameters SOMAA develops robust design strategies with measurable or tangible added value.

## Consulting

Strategic planning, project preparation, feasibility studies, development scenarios and coordination between clients, users and specialist consultants.

## Historic Preservation and Renovation

Renovation, conversion and repartition concepts for existing and historically valuable buildings, including respectful and value-preserving work with listed and Wilhelminian-era structures.

### Selected fields

- Working with existing buildings
- Residential architecture and private homes
- Office and working environments
- Hospitality, gastronomy, retail and presentation spaces
- Public buildings, education and culture
- Spatial strategy, identity and communication

# Press Context / Pressekontext

## Publications and recognition

The work of SOMAA is regularly published in national and international architectural and design media. Selected publications and references include Das Haus, taz, Stuttgarter Zeitung, Cube Magazin, dds, AIT, Bauwelt, DER SPIEGEL, RIBA Journal, IDEAT, md and other specialist publications.

Projects by SOMAA have been recognized in contexts including architecture, interiors, working environments, hospitality and exemplary building culture.

## For editorial use

Project-specific press packages may include press texts, image overviews, high-resolution press images, drawings, credits and rights information. Publication and image-use rights are project-specific and must be checked in the relevant press package and download form.
